DETAILED ACTION

The cancellation of claims 1-7, 10-13 and 16-25 in previous amendments has been recorded. The pending claims are claims 8-9, 14-15, and 26-29. Claims 26-29 have been overlooked in the previous office action. It is sorry for any inconvenient caused by this action.

Claim Rejections - 35 USC § 112

1. Claims 14-15 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 14 (page 3 of the Claim section) is missing the first sentence.

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 26-29 are rejected under 35 U.S.C. 102(b) as being anticipated by Takabatake (5,463,340).

Art Unit: 2824

3. Takabatake (Fig.2) discloses a data system comprising: a dynamic circuit element (23) having an input terminal (2) and an output terminal (3), and that operates in accordance with clocking signals (I3, I4); and a static loop (22, 24) that forms a feedback path from the output terminal to the input terminal and refreshes the dynamic circuit element in accordance with a control signal (I1, I2), wherein the dynamic circuit element comprises an inverter (24), wherein the control signal (I1, I2) activates or deactivates the static loop (22, 24), wherein the static loop refreshes the dynamic circuit when the static loop is activated.

Allowable Subject Matter

4. Claims 8-9 are allowed.

5. Claims 14-15 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
